

Application for Admission to an Honours Program

1. Students may apply in the semester in which they will complete 60 credit hours. For **PSYC**, students must have 60 credit hours completed (and graded). Some departments may have additional requirements or restrictions—please enquire at the Department Office offering your chosen major.

For PSYC: Have you already completed 60 credit hours? For others: Will you complete 60 credit hours in the current semester?

- Yes
- No

2. Weighted percentage averages (WPAs) for fully qualified admission to, and graduation from, Honours programs are 70% in the program and 75% in all courses attempted in the major. Students with slightly less than the required averages may be considered for admission to the program, but if they have less than the required averages at the time of graduation, they will only graduate with the four-year B.A.

3. Grades on courses awarded transfer credit are included in program and major averages.

4. Students who have failed more than 9 credit hours after the first 30 hours attempted are not normally eligible for admission to Honours programs, but, on the recommendation of their Department, may appeal for admission to the Faculty’s Student Appeals Committee.

Have you failed more than 9 credit hours after the first 30 hours attempted at the University?

- Yes (If yes, you must appeal to the Faculty’s Student Appeals Committee for admission)
- No

5. All core requirements of the B.A. degree must be completed (and graded) before admission to Honours.

Have you completed and received passing grades in all of the BA core requirements? (Note: outstanding core requirements are waived for Hons. Cert. applicants who already hold a BA degree)

- Yes
- No

N.B. For **ANTH**, students must have completed at least two 300-level ANTH courses and must attach (to this application form) a one-page thesis topic statement and a writing sample, which will be reviewed by a departmental committee.
